The first special plague is unlocked, defeating all the previous plague in brutal difficulty and beating one special plague on the brutal opens of the next. For some, these disasters can be more difficult than standard and vice versa. They are unique, have different transmissions, symptoms and abilities. Each particular plague also has its own theme and interface, each of which is unique compared to any other plague. At Plague Inc., a special plague is located under the tab in the bottom right corner that says: Special. Whilst in Plague Inc: Evolved, they mix with standard disasters (although the sequence has not changed) and, because of the types of plague put together, everything can be unlocked by beating the previous one on normal. As with conventional disasters, there are exclusive achievements with which they are associated. Cheat This is not a type of plague, but some built-in tricks to make games easier. At Plague Inc. you have to beat all the standard plague types on the brutal to unlock the first four whilst beating all the standard disasters on the mega brutal will unlock the rest. On Plague Inc: Evolved, you have to beat all the plague on normal for the first four cheats and all on the cruel for the rest. The deception will not register the player's account. In addition, when cheating, the results show that the player had a negative score. Even so, there are several achievements associated with winning the game through a specific deception.
